Thursday, September 2, 2010
Friday, September 3, 2010
Thursday, September 9, 2010
Friday, September 10, 2010

**YOU MUST ATTEND ALL FOUR
DAYS TO RECEIVE YOUR
OSHA 30-HOUR CARD**

7:30 A.M. to 4:30 P.M.

Class will be held at:

**Construction Employers
Association
Classroom "A & B"
950 Keynote Circle, Suite 10
Brooklyn Heights, Ohio 44131-1802**

INTRODUCTION TO THE 30-HOUR CONSTRUCTION PROGRAM

In 1999 the estimated total work injury costs and death costs were \$122.6 billion. In 1988 on the job injuries and deaths cost U.S. employers \$28.7 billion in wages, losses and uninsured costs. Therefore, over an 11 year period injury costs have escalated with over an 90 billion dollar increase.

Thousands of workers have been killed on the job each year and millions more are injured or sickened by occupational hazards. While catastrophes draw brief media attention to dangerous conditions in the nation's workplace, only the families, friends and fellow workers of the victims often know the daily toll of workplace hazards.

It is time we start thinking ahead and placing.....

“SAFETY FIRST”

We hope to, in this course, bring some light to the full scope of workplace injuries and to assist the labor movements efforts to prevent this needless loss of life, limb and health.

Safety should be everyone's concern. **The more you listen and learn - the safer the job - the life you save may be your own!**

It takes 21 years of living before anyone can call you an adult, but it only takes a couple of seconds to die!

DATE AND TIME

Thursday, September 2, 2010
Friday, September 3, 2010
Thursday, September 9, 2010
Friday, September 10, 2010
