

Jeff Loyall

Jeff Loyall is a Vice President for Turner Construction Company where he has responsibility for managing healthcare projects in the Cleveland Business Unit.

Under Jeff's direction, Turner has successfully completed numerous healthcare projects for clients such as the Cleveland Clinic, Crystal Clinic Orthopedic Center, University Hospitals, Elmhurst Memorial Hospital, University of Illinois Medical Center of Chicago, Methodist Medical Center of Illinois, Indiana University Health, Provena Health, Swedish American Hospital, Edward Hospital, Northwestern Medical Faculty Foundation, Northwestern Memorial Hospital, University of Chicago Medical Center, John H. Stroger Hospital, Rush North Shore Medical Center and Advocate Healthcare.

Throughout his successful 35 year career, Jeff has had primary responsibilities for profit and loss, business development, preconstruction, estimating, operations, scheduling, cost control, quality assurance and building information modeling. Jeff's career has been built around comprehensive construction services and an extensive background in all phases of Construction Management.

In addition to his technical background and experience, Jeff's leadership skills combined with his unique ability to develop strong team relationships have proven extremely successful. His proven level of commitment to his clients is shown with his "hands on" involvement and ability to provide solutions during all project phases while leveraging the resources and experience that he brings to ensure a successful project experience.

Jeff earned his B.S. in Civil Engineering from the Ohio State University. He has served as an Adjunct Professor of Construction Management at the McCormick School of Engineering at Northwestern University, served on the Board of Directors for the American Institute of Architects and is a member of the American Society of Healthcare Engineers.
