CLEVELAND AFFILIATE

2019 Sponsorship Opportunities

ACE Mentor Program

The ACE Mentor Program of America, Inc. (ACE) helps mentor high school students and inspires them to pursue careers in design and construction.

The mission is to engage, excite and enlighten high school students to pursue careers in architecture, engineering, and construction through mentoring and to support their continued advancement in the industry.

More than 10,000 students from 1,000 high schools annually participate in ACE.

Cleveland ACE Affiliate

Since the organization's founding in 2008, we've awarded \$815,000 in scholarships to ACE students, engaged 150 mentors, guided nearly 900 students through our program and supported 150 students on their journey to study architecture, engineering or construction and other majors in college.

The Cleveland affiliate of the ACE Mentor Program has partnered with the Cleveland Metropolitan School District (CMSD) and now features 10 CMSD teams as well as Warrensville Heights High School totaling nearly 180 students. Approximately 150 volunteers from more than 70 local firms from the design, engineering and construction industry participate in the program.
