

Travis Okel, LEED AP
Project Engineer
Gilbane Building Company

Travis Okel currently serves on the Cleveland Museum of Art Renovation and Expansion project as Project Engineer. He joined Gilbane in 2006 after graduating from Case Western Reserve University with a Bachelor of Science in Civil Engineering. Travis has more than 8 years of experience in the construction industry and has spent the majority of his time concentrating on the Cleveland Museum of Art project which is a high-profile, phased renovation and expansion.

He is a LEED Accredited Professional and serves as a Gilbane University instruction training Gilbane employees on new technology used in the field. Travis manages the budget for community outreach events within Gilbane's Central Region as a member of the Employee Connections Committee. He is also a member of the American Society of Civil Engineers. In his spare time, Travis teaches construction management courses at Lakeland Community College.
